Sir:

This is in response to the Office Action dated December 31, 2008, which was incomplete. A request for the issuance of a new office action was filed January 6, 2009. It is expected the new office action, when issued, will require an election of species similar to the requirement of the December 31, 2008 office action. To expedite the prosecution of this application and avoid unnecessary delay, this response is filed in anticipation of the requested new office action.

Please amend the claims as set out in the claim listing below.
